

MyMedicare Registration Form

MyMedicare is a voluntary patient registration model. It aims to formalise the relationship between patients, their general practice, general practitioner (GP) and primary care teams. MyMedicare patients and their usual GP and practice will have access to new benefits to help deliver more of the care patients need, improving health outcomes. **Registration can only occur at one practice at a time and should always be your primary practice. Registering with another practice will withdraw you from your current practice.**

If you have trouble registering Online (through MyGov or Medicare Express Plus App), you may fill out this form and hand it back to reception. Our staff will help you complete the registration process.

If a parent or guardian has completed this form on behalf of a patient aged 14-17, please confirm the patient is aware of this registration and provided informed consent. ☐ Yes

By signing this form, I agree to the following:

I understand that registering in MyMedicare is voluntary.

- I consider this Practice to be my regular primary health care provider.
- I understand that I can only be registered with one Practice at a time. By submitting this form, any existing registration in MyMedicare will be withdrawn, and my previous Practice and provider will automatically be notified that I am no longer registered with them under MyMedicare.
- I understand that I will remain registered unless:
 - I register with a different Practice.
 - I request my GP/Practice or Services Australia to withdraw my registration.
 - My GP or Practice decides to withdraw my registration.
- I understand that there is no cost to register in MyMedicare.

5. I declare I have read and understand the MyMedicare Privacy Notice and consent to my personal information being collected, used and disclosed by the relevant agencies such as Services Australia, the Department of Health and Aged Care, the Australian Digital Health Agency and, where applicable, the Department of Veterans' Affairs as specified in the MyMedicare Privacy Notice (a link to this notice is provided in the Privacy Statement at the bottom of this form).

Consent for MyMedicare registration for patients under 14 years of age must be provided by the patient's parent or legal guardian. Patients aged 14-17 years must provide their consent to register for MyMedicare.

- A parent or guardian of a patient aged 14-17 years may complete the Registration Form if the 14-17 year old is aware of the registration and has provided their consent for this person to act on their behalf.

For a patient 14 years or older, who lacks capacity to make decisions for themselves, consent for the MyMedicare registration will need to be provided by an individual who is authorised to act on the patient's behalf.

MyMedicare patients will have access to:

- greater continuity of care with your registered practice, improving health outcomes
- longer Medicare funded telehealth consultations with your GP
- triple bulk-billing incentive for longer Medicare telehealth consultations
- Allied Health Care Plans and referrals for Chronic Conditions and Mental Health Care Plan referrals (*Please note:* If you have an existing registration with another practice, our GPs will not be able to refer you for these services. Only the registered practice can bill these items to Medicare for the referral to be valid.)
- From 1st November 2025, registered patients will be exempt from the 1 in 12months Face-to-Face rule

It is important to understand that you are not restricted to only seeing doctors at our practice but you will need an existing registration with our practice to access the above-mentioned services.

Your MyMedicare practice and preferred GP will appear on your My Health Record, unless you choose not to display this. MyMedicare will not hold clinical health information about the patient. Its purpose is to link the patient with their regular practice and support continuous care at that practice.

More services will be introduced in the future. More information: <https://www.health.gov.au/our-work/mymedicare>
